

Quality and Food Safety Policy

At Gürsoy, we devote our effort to produce and supply our clients with healthy products by using quality hazelnut and other materials, and exclusive processing methods that perfectly meet expectations.

The scope of the company's policy

- Gürsoy is in full compliance with all legal regulations and consumer conditions in all parts of our production and administration.
- We follow and improve our customers' expectations based on market trends and developments.
- Gürsoy is dedicated to improve and progress Food Safety and assurance management system.
- We aim at increasing our personnel's awareness of our values through training.
- Gürsoy builds and maintains business relationships with its stakeholders in the food supply chain regarding food quality and assurance.
- We supply available resources to sustain and implement our policies.
